

Atlas of Imaging in Sports Medicine

by Jock Anderson and John Read

Second Edition

The Atlas of Imaging in Sports Medicine is a valuable reference text that is comprehensively illustrated with high-quality images of both common and unusual sporting injuries. In addition, it is full of easy-to-understand information on anatomy and the biomechanics of injury that will be of use to physiotherapists, general practitioners and sports physicians. The second edition takes into account the rapid advances in technology that have occurred in the field since the original publication was released, and contains 50% more information and many new images. The original focus on plain film radiography has been expanded to encompass radiology, MRIs, nuclear imaging and ultrasounds. New sub-specialisations in sports medicine and imaging are also addressed.

THE AUTHORS:

Jock Anderson has been involved in Sports Medicine Imaging since 1985, with the creation of Sports Imaging, a specialty imaging practice. He is the Associate Professor in the Sports Medicine Program at the University of NSW, a member of the International Skeletal Society and the Australasian Musculoskeletal Imaging Group. In 1998, Jock was appointed Director of Medical Imaging at Sydney 2000 Olympic and Paralympic Games, attended the Winter Olympics as an observer in 2002 and was appointed Director of Medical Imaging for the Rugby World Cup in Australia, 2003.

John Read is a musculoskeletal radiologist with a broad multi-modality imaging expertise, and particular skills in the management of sports injuries. Working with Jock Anderson at Sports Imaging, John Read has played a pivotal role in the development of new ultrasound techniques which he has pioneered, refined and disseminated by extensive teaching, influencing clinical practice throughout Australia and New Zealand. He participated in the imaging team at the Sydney 2000 Olympic and Paralympic Games, has previously served as both member and chairman of the RANZCR ultrasound committee, and currently holds an appointment as Conjoint Lecturer in the School of Medical Sciences at UNSW.
